

# THE POLO R-VII SCHOOL DISTRICT PANTHER PRIDE

November 2010

Volume 6, Issue 4

## Important November Dates

- 1
  - Late Start 10:20
  - MSBB @ Osborn 6 pm
- 3
  - VFB Regionals TBA
  - FFA Area Fall Speaking Contest @ Gallatin 4:30 pm
- 4
  - Band Booster meeting 4:45 pm in band room
- 5
  - FFA Barnwarming Dance 8-11 pm in Multi
  - Randy Nadler Assembly on Peru sponsored by PTO
- 6
  - MSBB @ Norborne Tourney TBA
- 8
  - VFB Regionals TBA
  - MSBB @ Norborne Tourney TBA
  - FFA Fruit Sales begin
  - Book Fair in the library (thru 12th)
- 13
  - VFB Quarterfinals TBA
  - Band Booster Chili/Soup Supper @ the Community Building
- 15
  - BOE Meeting 7 pm
- 16
  - MSBB @ Braymer 5:30 pm
- 18
  - MSBB vs. Orrick 5 pm
- 19
  - "Meet the Panthers" Night 6 pm in the Gym
  - MS Music Festival @ Richmond
- 20
  - VFB Semifinals TBA
  - Band at Holiday Parades in Cameron & Chillicothe
- 22
  - 9-12th Safety Demonstration by the Highway Patrol
- 23
  - MSBB@ Lathrop 4:30 pm
- 24
  - Early Out 11:20 am
- 25
  - No School
- 26
  - No School
  - VFB Show-Me Bowl TBA
- 29
  - VBB @ Albany Tourney TBA
  - MSBB @ Penney 4:30 pm

## From the Elementary Office

by Beverly Deis  
*Elem. Principal*

The Polo R-VII School District is very fortunate to have so many parents who are involved in the school. We had 45 parents attend our first Parent Involvement Day and we had an average of 93% of parents attend the Parent-Teacher Conferences held in October. We also expect numerous parents, grandparents, and patrons to attend the Halloween Parade and parties.

With all of the No Child Left Behind (NCLB) mandates, schools are striving to have all students make proficient and advanced on the MAP assessments (which is a NCLB requirement by NCLB). Polo R-VII Elementary School will begin tutoring in math and reading for students who scored in the Basic or Below Basic levels on the spring MAP assessments. Several students who need tutoring are even reading at or above grade level; however, their test taking skills are below average. The tutoring sessions will focus on test taking skills by using supplemental material similar to the MAP assessments. Please have your child take advantage of this offer as it will help your child's performance in assessment. For more information on NCLB please log onto the Department of Elementary and Secondary Education (DESE) website.

In addition to the MAP assessment, students at Polo R-VII Elementary (grades 1-6) are being given at least three reading assessments to determine grade level equivalency in reading. These assessments include the Stanford 9, Gates-MacGinitie, and STAR. Each teacher will have a list with all three test results. This will allow us to have a more accurate picture of the reading level of each child.

For more information about the tutoring sessions or the reading assessments, please call the school.

## Polo R-VII School District Honor Roll 1st Quarter

### FIFTH GRADE

#### "A" Honor Roll

Michael Kerste, Megan Latimer,  
Matthew Vaughan

#### "B" Honor Roll

Hailey Boyle, Patrick Covey, Sierra Dye,  
Julianne Hurd, Garrett Jones, Micheal Knotts,  
Teagan Logan, Cheyenne Martin, Seth Pate

### SIXTH GRADE

#### "A" Honor Roll

Lauren Alden, Haylie Arthur, Averie Heil,  
Ryan Henry, Jake Leonard, Tiffany Pimentel,  
Kalee Tarwater

#### "B" Honor Roll

Joely Hicks, Gunnar Martin, Taylor Rash,  
Shelby Stump

## TIME CAPSULE

by Jill Rardon

Teacher

### Students in 6th Grade

Reading Class have been studying stories about archaeologists and anthropologists. We dug up questions in dirt and vocabulary words in sand to reinforce our understanding of the story. The idea of a time capsule was suggested, and the excitement began!

Students were asked to bring in a personal item to put in the time capsule. Additionally, each student wrote personal information and why they chose their item on an index card. They were also asked to write about a current event in the world or a topic unique to the Polo community. This goes along with our reading connections, a grade level expectation, to other texts, our own lives, and the world.

We dug the hole as a class and buried our time capsule on a beautiful fall day in October. We plan to open the capsule in the year 2017, their senior year. The students are eager to see

how they will have changed in six years and what the condition of their items will be!

## PERFECT ATTENDANCE 1ST QUARTER

### Kindergarten

Cheyenne Abeln, Isaiah Alander, Cheyenne Cooper, Taylor Covey, Tyler Covey, Lucas Curp, Wyatt Gilmer, Jade Misel, Donna Nelson, Ariel Pilger, Adam Smith, Aidan Smith, Bobby Snapp, Maranda Teegarden, Domenick Thomas, Jenna Thomas.

### 1st Grade

Haley Aubrey, Miranda Ball, Jace Bolling, Luke Carr, Alayna Chapman, Abigail Cline, Colby Cope, Kayla Larkins, Kenny Oswald, Jenee Qualman, Evan Scott, Kayla Smith, Katelin Vaught.

### 2nd Grade

Corryn Baird, Cody Blackwell, Brooke Boydston, Logan Chapman, Mallory Clevenger, Lilly Cooper, Mariah Dick, Marisa Fickess, Gavin Fitzwater, Halley Fleener, Ashley Foster, Connor Garton, Logan Garton, Dillon Gilmer, Sara Harris, Jennica Jay, Thomas Kepler, Ariel Martin, Dillan McKee, Jacob Sales, Skylee Smith, Will Vaughan, Amanda Whitt, Arianna Wolf, Kyle Zinna.

### 3rd Grade

Brendon Arthur, Laney Durbin, Dylan Frazier, Joel Heil, Aaron Latimer, Katherine Nichols, Dawn Pieper, Andria Richardson, Colt Smith, Rance Waigand, Trysten Wolf.

### 4th Grade

Maddy Baughman, Mitchell Berndt, Dylan Brower, Mariah Clevenger, Dylan Faulkner, Kallie Heil, Joseph Hilburn, Shaylea Martin, Mercedes McNab, Nickolas Myers, Harley Sammons, Taylor Wagner.

### 5th Grade

Luke Cory, Patrick Covey, Sierra Dye, Amanda Hilburn, MaKenzie Jay, Megan Latimer, Teagan Logan, Cheyenne Martin, Dylan Sales, Zachary Smith.

### 6th Grade

Lauren Alden, Haylie Arthur, Decon Brower, Douglas Lindaman, Dakota Martin, Alex Myers,

Zackery Phillips, Tiffany Pimentel, KaLee Tarwater, Austin VanOster.

## Good job Lady Panthers on your season!

Congratulations to Nikki Junco, Maddy Misel, and Courtney Arthur for being selected for the All-District softball team.

Congratulations to Maddy Misel for being selected to the All-Regional softball team.

**SPEECH AND LANGUAGE NEWS****Kathy J. Hutchinson, M.S., CCC-SLP****Polo R-VII Speech-Language Pathologist**

Students have completed their "wh" question ice cream "scoop" projects. They have learned a great deal about "who, what, when, where, why, and how" in the process. Students were encouraged to bring pictures from home to paste on their projects so we could discuss WHO lives with them; WHAT they like to do; WHEN they do things with their families; WHERE they like to go; and WHY and HOW they do things. We learned that a "who" is a person; a "what" can be an object, activity, action, etc.; a "when" means time of day, day of the week, year, season, etc.; a "where" is a place; a "why" is the reason we do things; and "how" tells the process for doing things. LOTS of VOCABULARY!!!!

I brought in pictures of my own family and the things we like to do to create my own "scoops" with the children. We learned a lot about each other as a part of this activity! We also enjoyed our ice cream party with REAL ICE CREAM at the conclusion of the project!!! Yummy!!!

**SPEECH ARTICULATION QUESTIONS**

Some of the most frequent concerns I receive from parents involve the ability to understand their child's speech. When speech is difficult to understand, the problem is with speech articulation, or how we make our speech sounds. The Missouri Department of Elementary and Secondary Education guidelines for determining when speech errors have become a speech problem and require therapy are on the DESE website. You can find the Designated Normative Data Sheet for Sound System Disorder at: [http://dese.mo.gov/divspeced/Compliance/State\\_Normative\\_Data.pdf](http://dese.mo.gov/divspeced/Compliance/State_Normative_Data.pdf). This sheet lists the error type and the age at which certain sounds would be expected to be corrected. If you do not have email access, please feel free to contact me and I will be happy to send a copy to you in the mail or discuss it with you in person.

If your child is under three years of age, Missouri First Steps can provide free evaluation and treatment for children with speech and language difficulties. If your child is nearing three years of age, or will turn three years of age during this school year, Polo R-VII can provide free screening, evaluation, and treatment for students who qualify for therapy.

If you need more assistance with any of this information, please contact me at 660-354-2200 Wednesday through Friday. I will be happy to answer any questions you may have.

**Counselor's Corner****By: Becky Arway and Alan Meyer****Elementary Counseling News**

Respect was the Character Word of the Month for the month of October. Grades K-6 learned about ways to show respect to others, their school, community, and most importantly to themselves. Kindergarten through 2nd Grade "brushed" up on respect by sharing examples of how they can show respect at home, school, and to others. Grades 3-6 talked about what respect "looks" like by describing ways they can show respect with their eyes, words, heart, and actions. They also took a quiz to find out how respectful they are. All students talked about the difficulty of "taking away" times when we have been disrespectful. We talked about ways we can work towards being more respectful of ourselves and others!

October is National Bully Prevention Month. During the second part of October, the students in grades K-6 talked about bullying and ways to prevent bullying at school and in their community. Students learned that bullying can be lots of things such as hitting, pushing, name calling, teasing, sending mean texts or emails, taking or ruining another person's things, and lots of other not-so-nice stuff that is done with the purpose of hurting someone else. The website [www.pacerkidsagainstbullying.org](http://www.pacerkidsagainstbullying.org) has a lot of valuable resources to help promote bully prevention. Check out this website and talk with your children about bullying and what to do if they feel they are being bullied at school.

**High School Counseling News**

Seniors should be taking visits to colleges, junior colleges, trade schools, technical schools to prepare to know deadlines for applying to these schools and try to know where they want to apply by December 1st or by January at the latest.

Seniors need to be aware of scholarship deadlines and financial aid deadlines of the schools they are considering.

Seniors need to have completed and have on a word document a list of activities, accomplishments, awards, honors, leadership positions or offices held, work experiences, etc., to be able to use for scholarship applications, resumes, school and job applications.

Register to take the ACT in December if they need to improve their test score. December ACT Test date is 12/11/10 and registration deadline is November 5th. Late fee registration deadline is 11/6-11/19.

Talk to parents about getting tax information together as soon as possible to prepare for the FAFSA application. A lot of schools have a March 1st priority deadline to file the FAFSA to get full funding.

Check the college/scholarship section of Polo website regularly to stay informed of deadlines, scholarships, and other pertinent information that Mr. Meyer puts on the counselor page.

## Are you Buckled?

by Jonna Stottlemyre  
Staff Writer

On October 18th, 2010 Students Against Destructive Decisions or S.A.D.D met at the school at 7:30 a.m. for their first seat belt check. Students surrounded the school to check parents, students, and teachers for seat belts. Members that participated in the checks were Carlie Powers, Sarah Thomas, Tyler Hendricks, Kasey Bolling, Linda Mynatt, Josh Lee, Seara Tarwaters, and Dylan Parker. With high expectations, the members were astonished by their results. With the total of 118 parents, students and teachers participating in the check; 80 people were wearing their seat belts. So when you're getting in your vehicle to drive remember to buckle up for safety!

## Art Club

by Kasey Bolling  
Staff Writer

This year, the Art Club officers are President, Kaylie Sorenson; Vice President, Monica Fickess; Secretary, Hailey Thomas; and Treasurer, Brady McCaskey. The members, other than officers, include Corinne Attebery, Jason Tarwaters, Samantha Smith, Jordyn Phillips, and Doug Jenkins. The Art Club will have two meetings a month, and will organize meetings with the younger students in grades sixth through eighth. They will be carving pumpkins and planning the County Art Show in the spring.

## Basketball Conditioning

by Alex Templeton  
Staff Writer

As of October 11, Varsity Basketball conditioning for both boys and girls has started. So far, around 17 players have attended each session, which take place Monday through Thursday. Alternating every week, players either run the mile on Monday and Wednesday, and the next week run it on Tuesday and Thursday. Not only do the players run the mile, they also do line jumps, throw weighted medicine balls-ranging from eight to twelve pounds-and jump rope with both weighted and non-weighted ropes.

Again this year, Greg Keith is the head coach for the boys and girls team. Coach Keith had this to say about conditioning: "I hope by everyone coming to conditioning, it will make it easier for us to get more done in practice. Now when practices start, we can go right into to learning plays, and improving our weaknesses rather than worrying about staying in shape." Hopefully after the four weeks of conditioning is up, the Panthers will be more able to work hard in practice so they are more competitive.

## Connecting with Parental Involvement

by Beverly Deis  
Elem. Principal

Polo Elementary School is focusing on increasing Parental Involvement. Research states parent/family involvement has a significant positive impact on student outcomes throughout the elementary, middle school, and secondary years. As Anne T. Henderson states in *The Evidence Continues to Grow*, "When parents become involved, children do better in school, and they go to better schools."

Parents/Guardians of students in Polo Elementary were invited to a Parental Involvement Day on Monday, October 8. Approximately 45 parents/guardians attended this special day for PreK-6 grade classrooms. Most of the parents were able to view a few uses of the Promethean Boards (some with clickers) and some parents even visited Study Island. Study Island is a researched based MAP preparation program specifically designed to help students master the content specified in the Grade Level Expectations/Course Level Expectations.

Polo Elementary will have several more opportunities for parental involvement. The next activity will be Parent-Teacher conferences then grades K-2 will be hosting a Reading Parental Involvement Day during the second quarter. There will be other activities throughout the school year so please watch for notices from teachers regarding all parental involvement.

## Vending Machine Survey Results

by Jonna Stottlemyre

Staff Writer

I conducted a survey over the vending machines to find out the students opinion on the food and drink and what the student body would rather have in the machines. I handed ten questionnaires to fifteen students in grades 7-12. Once all the surveys were returned, the information gathered was surprising! The surveys indicated that many students stop at the vending machines several times a week. This year the Student Council has presented new refreshments into the machines such as Sobe Water, Propel, and flavored tea. These have gone over well with the students so far. In my survey, I asked what the students' favorite drink was and what flavor, if they had one. Seventy percent of the student body liked the Sobe's and their favorite flavor was strawberry banana. As the pop machine goes, the students all said they would rather have non diet pop, however due to the school's policy, the students will have to live with diet pop in the machines. Although I found out that there is not one candy that is preferred over another. I did notice that many students that were involved in a fall sport bought fruit snacks more often than candy. I observed this because being the athlete myself; I am eating a little something before a practice and the fruit snacks work great!

## Sports Preference Survey Results

by Alex Templeton

Staff Writer

When I gave 25 students a survey about sports to see what they enjoyed most, they each had a wide variety of answers. To begin with, out of these students, 13 said basketball was their favorite sport to play, as opposed to wrestling, softball, and football. However, their favorite sport to watch was football, with softball a close second. Out of these 25, 10 play sports. Football and basketball tied for the most popular sport to play, with track, softball, and cheerleading following behind.

Fourteen of them do not plan on playing sports in college. So make sure and keep an eye on the 11 who plan on playing in college; you never know where they might end up. The final question dealt with the students' least favorite sport to either play or watch. With 13 votes, soccer is the least favorite. The students agree that it is "very boring." Second place with 11 votes is golf. Most of the students believe that it is "too slow and there's not enough excitement."

## Class Preference Survey Results

by Kasey Bolling

Staff Writer

I did a survey on asking what the student's favorite class is. There were five students that I asked. They said Algebra, Ag, and Spanish. Most of the students said they really enjoy those classes. Monica Fickess said she "always learn something new." I asked them what they have done or what they like in that class. Harley Martin said "in Ag we built picnic tables for the softball fields." In Spanish, Rhea Rardon said they "got to make a flower out of tissues paper and got to paint with their non-dominant hand." They said that what they did not enjoy in their class was all of the talking of the students. The teachers that teach these classes are Ag, Mr. Farmer; Spanish, Sr. Davis; and Algebra; Mrs. Snodgrass.

## Polo's Grasslands Team Moves on to the State Contest

On Wednesday, October 13, Polo FFA competed in the District Grasslands contest. This contest is set up in four parts: plant identification, soil interpretation, wildlife, and grassland evaluation. The students who participated in this contest spent their time in and out of their ag class to ensure they were knowledgeable about the

information covered. The team consists of Carlie Powers, Ashton Shelton, Hailey Thomas, and Brady McCaskey. They took fourth place at districts and will move on to compete at the state contest in Ashland, MO on Thursday, October 28.

## PTO Fundraiser Top Sellers

The top sellers from the PTO fundraiser was John Bost and Lily Gentry. John is a 5th grader in Mrs. Gilbert's class. He sold \$560.50 and 55 units. Lily Gentry is a kindergartner in Mrs. Silvey's class. She sold \$394.00 and 39 units. As the top two sellers, they will receive a one night family stay at the Great Wolf Lodge.

## Thank You PTO!

by Bridget Zabel

PE Teacher

During the past few weeks, your students have been noticing a change in the elementary P.E. classes. Polo PTO has made an honorable donation to purchase new physical education equipment. Coach Zabel said, "I am very excited to use our new equipment! Having new things brings more positive attitudes into the gym, and the kids' faces light up when they see new equipment. With the 2010-2011 school year PE budget and PTO's donation, the PE Department has purchased over \$600 worth of new equipment to play with." The PE Department is very grateful for their generosity. Rosemary Henry, Treasurer of PTO, stated, "Last year the PTO Officers saw how excited the students were with all the new PE activities that were being taught and decided to help fund new equipment. Physical Education is a very important part of a school curriculum. Most students do not have the opportunity to participate in structured physical activity outside of school. We felt that there was a need for new equipment to help encourage all students to make healthy choices." Many "Thanks" goes out to all PTO members and those who support them. With support from the Polo community with PTO fundraising and other events, purchases for the students are made possible to better their education.

## Reading Buddies

The Kindergarten and 3rd Grade classes meet twice a month to work on a project. They began their sessions learning about their buddy and wrote a 4-square story to place on the hallway "Buddy Board". They have also worked together weaving leaf patterns. However, their favorite project so far has been exploring "shadows", where the 3rd graders helped write the response to questions while they used flashlights to experiment with and figure out the answers.

The Kindergartners always look forward to a visit from their "buddies".

The teachers of the Polo R-VII School District would like to thank the Parent Teacher Organization (PTO) for the food and drinks during Parent/Teacher conferences.

## Bus Safety

Polo R-VII students in grades K-5 recently attended a bus safety assembly (actually held on a school bus). The students loaded the bus and bus drivers informed the students on certain bus rules and regulations. Some of the rules include:

- " Stay seated on the bus
- " Respect the bus drivers and other students
- " Keep your feet on the floor, not in the aisle
- " No food or drink on the bus
- " Keep your hands inside of the bus and do not throw trash out the window
- " Be kind with all words

Some of the students practiced how to sit properly and how to behave when nearing railroad tracks. Riding a bus is a privilege and students who are constantly acting inappropriately on the bus may not be able to ride the bus to and from school; therefore, it is important for all parents to discuss appropriate bus behavior with your child(ren).

## November 2010 Menu

Menu is subject to change.  
Each meal includes one milk.  
Lemonade and orange juice are available for 30¢.

Mon	Tue	Wed	Thu	Fri
1 Late Start – NO BREAKFAST Pasta with Meat Sauce, Green Beans, Fruit	2 Cereal, Oatmeal, Toast, Fruit Hamburger on Bun, Potato Wedges, Fruit	3 Pop Tart, Ham, Fruit BBQ Riblet, Scalloped Potatoes, Fruit	4 French Toast, Sausage, Fruit Chicken Nuggets, Broccoli with Cheese, Fruit	5 Biscuit with Sausage Gravy, Fruit Shrimp, Peas, Fruit
